Resource Mobilization Policy

The institution's goals and targets are the main emphasis of the Resource Mobilisation Policy, which also ensures accountability and transparency. The promoted learner-centric ecosystem is supported by the funds being used in an efficient manner, which is coordinated and monitored by the harmonised Governing body.

The institution employs student-centered policies with an emphasis on high-quality, skill-based education that should be accessible and affordable to youth in both urban and rural areas. The cardinal principle of Management in the University is to provide best resources to the students & faculties to meet the above requirement and run the Institution in a way that fulfills Vision and Mission. The policies for resource mobilisation are outlined in this document.

- The Governing Body evaluates the best use of the finances for the institution's efficient operation.
- The Institution is a centrally controlled non-profit with honorary members of its governing council, ensuring that the cash earned is used as efficiently as possible inside the institution itself.
- A financial advising firm is in charge of overseeing the managed assets.
- The Institution is highly centralized non-profit with honorary members of its governing council, ensuring that the income generated is used as efficiently as possible inside the institution itself.
- A financial advising body is in-charge of overseeing the managed money.
